

# Project Proposal Document

1. This will be an individual project.

Name: Dilip Ravindran

NetID: dilipr2

2. Text Classification Competition

3. I am prepared to learn state-of-the-art neural network classifiers. I have heard of deep learning frameworks like TensorFlow and PyTorch. I am also aware of classifiers like LSTM, GRU, BERT etc.

However, I do not have any working experience in any of these tools/ frameworks. I hope to use this as an opportunity to get familiar with these frameworks and get some hands-on experience.

4. Python
